

GoalManager

Motivate your team to achieve their goals

A results-focused system to ensure the success of your sales strategy

Why GoalManager?

- **Self Management**

Goalmanager shows reps their individual KPIs, highlighting areas needing special attention to ensure they hit their targets.

- **Proactive**

Sales reps can create their own objectives and customize to suit their specific needs.

- **Visibility**

Visualize the state of all objectives, both from individual reps and the team as a whole.

How does it work?

Define objectives

Plan goals for reps and teams, balance between time periods and by team members.

Customization

Endless personalisation for goals like type of activity, opportunity, balanced by sales rep and seasonality.

Manage

Visualize and track your team's objectives in real-time. Aggregate goals to have the overview of your business.
