

NewsManager

Ensure that all your team communication is opened, read, and clearly understood

Invest in technology that makes your job, easier

Why News Manager?

- **Visibility**
NewsManager offers you 360° vision of who's open, read and understood your last communication.
- **Precision**
Eliminate potential errors that could negatively affect sales (old pricing, deactivated services, old promotions, etc.)
- **Automation**
NewsManager automatically sends daily reminders to your team about important, unread updates.

How does it work?

Send your message

Prepare your message, select who you wish to send it to, and click send!

Received!

Sales reps will receive a notification, from which they can open the message directly or save it for later on

No response?

Check which sales reps have open, read, and understood your latest communication
